REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The declaration submitted by inventor Kevin Klubeck dated December 10, 2007 demonstrates unexpected results over the closest prior art, Oh et al. (US 2003/0118866). Inventive example 2 of Table II is comparative to comparative example 3A of Table IIA; inventive example 3 of Table II is comparative to comparative example 4A of Table IIA; inventive examples 4 and 5 are comparative to comparative example 5A of Table IIA (see page 6 of declaration). The data demonstrates better luminance and less unwanted color change in the color coordinates (CIE) for the inventive first host compound according to the formula of instant claim 1 as compared with a di-amino anthracene first host compound as set forth by Oh et al. The combination of host materials and dopant having specific dipole moment and bandgap relationships as set forth in claim 1 provides unexpectedly good results over the prior art. Claims 18-28 and 30 (renumbered as claims 1-12) are allowed.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571) 272-1523. The examiner can normally be reached on Monday through Thursday.
